STORIED WATER SUPPLY.
Date. Elevation. Acre Feet.
Jan. 1.....61.75 feet 22,094
Feb. 1.....109.55 feet 147,255
Feb. 4.....110.65 feet 152,136
Feb. 5.....119.90 feet 198,332
Feb. 7.....127.20 feet 240,970
All the north side canals will be dry today except the Salt, under which the schedule of water delivery will be 24 hours to the quarter-section.

OF LOCAL INTEREST

COMING TODAY—John T. Dunlap who is now in Yuma on a business trip, is expected home today.

ELECTION CO. A. N. G. A.—Company A of the national guard of Arizona will hold an election this evening at the armory in the city hall and it is very much desired that every member shall be present.

BIRTH OF BOY—A fine son was born yesterday morning to Mr. and Mrs. E. L. Hilderbrand of 1624 North First street. Mother and child are doing nicely, and the father seems to be well on the road to recovery.

A CHANGE OF FIRM—It was mentioned the other day that E. O. Carls and Charles Wassman had established a plumbing establishment at Five Points. That was a fact but it is not so now for they yesterday purchased the establishment of Mrs. Gosart at 28-30 North Second avenue.

FIVE POINTS RESTAURANT—E. B. Vindil has opened up the Five Points restaurant, a newly equipped institution for bettering men's souls through the proper treatment of their stomachs. Home-cooking will be a feature with meals served family style, only white help being employed.

HOME FOR A FEW DAYS—Though Mr. and Mrs. Ed L. Shaw live in Los Angeles most of the time, except when Mr. Shaw is selling goods in Arizona, they still call Phoenix home and Mr. Shaw keeps his name on the Maricopa county register. He is here for a longer stay than usual this time and Mrs. Shaw will join him here today for a visit of a week or so with the home folks.

HELD FOR BURGLARY—Ambrose Grimsby who was arrested under the name of F. T. Scott for the burglary of the residence of J. T. Etter a few nights ago was given an examination before Justice Johnston yesterday and was held to the grand jury in the sum of \$500. This is supposed not to have been the first adventure of young Grimsby. It was brought out yesterday that at some time in his brief career he has been the recipient of two gunshot wounds, one in one leg and the other in the abdomen.

A NEW BUSINESS BLOCK—In order to make room for a new business block the old residence which is more or less of a Phoenix landmark, standing on the northwest corner of Adams and Second streets, opposite The Republican office, is to be removed. Tomorrow a contract will be awarded for a business block to occupy the ground. The owners of the property are J. J. Casey and H. E. Ware. The exact character of the building has not yet been announced, but it is understood that it is to be a substantial one-story brick structure with wide strong enough to support other stories as they may be needed. The building will have a frontage of 100-feet on Adams street and 140 on Second street.

The McNeil Co.
Opposite Court House

HORN FOUND—The police have found a rubber automobile horn. The owner may have it by proving property.

LUTHERAN CHURCH—German Lutheran service Wednesday, Feb. 8, in the evening at 7:30, in W. C. T. U. hall, 227 West Monroe. Subject: "Woe Jesus uns heilt." A cordial invitation is extended to all.

BROTHERHOOD DANCE—The Fraternal Brotherhood degree team gave a dance last night in Melzer hall that was a most decided success in every way. There were over a hundred couples on the floor and the music was fine. The receipts will be a very pleasing addition to the team treasury.

RETURN OF FOWLER—President B. A. Fowler of the Y. M. C. A. will be home from Los Angeles this morning. He has been on the coast several days, on a mission connected with the Y. M. C. A. and he has telegraphed that the mission has been successfully accomplished. He will report to the directors at a meeting to be held this morning.

DISQUIETING NEWS—General and Mrs. F. S. Ingalls received a telegram yesterday from their son-in-law, T. E. Brice, who is in Los Angeles, requesting the presence of Mrs. Ingalls at the earliest moment, for the reason that it was necessary for Mrs. Brice, the oldest daughter of Mr. and Mrs. Ingalls, to undergo a rather dangerous surgical operation. Mrs. Ingalls left on the S. P. train at 5 o'clock last evening.

LAST STONE LAID—Word has been received from Roosevelt that the last stone on the coping of the Roosevelt dam was laid on Monday, thus finally and fully completing the construction of the big dam, proper. The government has yet to construct a couple of gate houses, tool houses, etc., on the dam, but the contractor has finished his work, except for cleaning up and getting out his machinery.

SANTA FE DISARRANGEMENT—A freight train on the S. F. P. & P. sometime last evening failed to keep in complete touch with the rails, and five freight cars jumped the track somewhere near Date creek. No one on the train was injured. The south-bound passenger, No. 3, due here last evening, was not expected until sometime in the early morning, and the north-bound passenger that left here last evening was delayed some time at Wickenburg or beyond. There is no disturbance of the A. & C. schedule and the Phoenix will arrive on time.

BALL GAME—Charles K. Pishon, president of the Phoenix baseball association, which backed Bill Alvey's Jewels, is back in Phoenix. He is now making arrangements for a game between members of the Jewels and the Elks, the proceeds to go toward paying off the debts of the association. The game will be played about the first of March. There is some talk of organizing a team to play the Chicago Red Sox, if they come to this city during the month, and using the money secured therefrom to pay the association's indebtedness. Anyone having correspondence referring to the projected appearance of the Red Sox in this city is requested to communicate with Mr. Pishon or Henry Baswitz.

TALK ON ORANGES—Owing to the limited time in which the lecture of B. L. Goodsell at the board of trade yesterday had been advertised, there was only a small number of orange growers on hand to hear him. Those who attended, however, gained a great deal of valuable information from Mr. Goodsell, who is head auctioneer of the New York Fruit Auction company. He has spent a great deal of his time in California and as he has been in the fruit business practically all his life he is an expert on packing methods. During the day he had visited the local orange packing house and he had many suggestions to make regarding its operation. One thing he recommended very strongly was that the packing house be owned by the growers themselves, and he suggested that next season a charge be made on each box of fruit handled to pay the cost of the establishment. Mr. Goodsell had been taken around the valley by Foster H. Rockwell, and he was very enthusiastic in speaking of what he had seen in the orange groves. "This valley," he declared, "without doubt has no superior in the world for the growing of citrus fruit."

AMUSEMENTS

THE WIGWAM

The new bill at the Wigwam last night drew a good crowd and will be repeated again tonight. The program was as follows:
Love at First Sight—A beautiful emotional drama.
Song.....Miss Hall
"I'll Always Wear Your Image in My Heart."
Phaedra—Ancient Greek Story.....Drama
Military Cyclists.....Miss Hall
Illustrated Song.....Miss Hall
"By the Light of the Silvery Moon"
Almost a Hero.....Comedy
A Jar of Cranberry Sauce.....Comedy
The drama, number, Phaedra, is the heavy piece in the program and is an interesting story. It represents the tragedy of a Greek family in ancient times. The head of the family goes to war and in his absence his wife makes love to her husband's son, or her stepson. The latter however, repulses her, being true to his father and also to the fair name of his stepmother as instanced in subsequent events. For her own reasons she tells her husband that his son had made advances and confronted with the statement the boy admits it rather than lay the blame where it rightly belonged, reflecting on the character of his stepmother. The son flees and is pursued by his father who overtakes him just as the younger man is killed in an accident attending his flight. The woman then confesses.

The Wigwam has a special attraction for Thursday night that will appeal to the baseball fans, when it will present a film showing a championship ball game between the Philadelphia Americans and the Chicago

COLISEUM.
Sardines and trolley cars, but there was a crowd at the Coliseum last night. Another change night had come, so everybody and everybody's whole family was out to see the new show. They fought for the privilege of buying standing room and when the first show was over there was a terrific rush by those who had been waiting impatiently outside and were anxious to get in to be entertained.
The new bill was a corker. It is quite up to the Coliseum's standard. Not quite so good, perhaps, as others that have been shown there in the past, but just as good as any vaudeville lover could ask for.

Wyllis Barnes starts the fun. Barnes is one of those chaps who twists up one corner of his mouth and makes everybody laugh without saying a word. His is not a comedy act, however, though it is full of laughs. He imitates musical instruments, such as the cornet and trombone. His imitation of a cornet playing "Il Trovatore" is perfect.
Barnes is also an expert with the bones. His bone solos are great and it looked for a time last night like the audience wouldn't let him quit.
Robinson & Warren are an English team presenting a one-act comedy en-

Not the Cheapest but the Best

Upon investigation you will find that the above statement is true—and really, the best is what we all want, consequently is the cheapest.

We sell none but the reliable.

H. A. DIEHL SHOE CO.
The Square Diehl Store

itled "What Did He Say?" This is undoubtedly one of the cleverest little skits ever staged. There isn't so much plot but it gives a pair of good actors, like Mr. Robinson and his partner, an opportunity to do some work that is really classy. Miss Warren plays the part of the shrewish wife and at one time makes a speech about fifteen minutes long, apparently without pausing for breath. "What did he say?" Well, he didn't say anything while that speech was being made.
Regina & Monahan's act is combination music and comedy. They are experts on the harp-guitar, playing a number of tunes on that unique instrument. They are also clever singers and sing some parodies on popular songs that are really great. The same is true of their German and Italian dialect songs.

BOILER INSPECTION.

The Law Passed Applying to Interstate Railroads.

Washington, Feb. 7.—The house today passed the senate bill providing for the inspection of locomotive boilers on interstate railroads. Mr. Mann of Illinois stated that the mere fact that legislation was pending in congress had resulted in a great decrease in boiler accidents in the last eighteen months, indicating that greater care was exercised.
